

# ANIMAL SPONSORSHIP

Exmoor Zoo has been involved in watching over wildlife for 15 years and as a member of the British and Irish Zoos and Aquaria, we are committed to species survival and environmental enrichment for the many animals in our care.

## Animals need your Help

Every day another species of plant or animal will disappear from this world forever. You can play a valuable role in wildlife conservation at Exmoor as each animal is waiting to be sponsored by you, your friends, your school or even your company.

## Why Sponsor?

As the numbers of animals threatened with extinction increases dramatically, the role of the modern zoo becomes more important; some animals owe their existence to the care provided by zoos.

At Exmoor we are proud of our continued breeding successes with many rare and endangered animals in our care. We receive no subsidies or grants and the high costs of specialist care can only continue to be helped by your support.

## Your Sponsorship Scheme

The fee for sponsoring an animal is based on a contribution to provide food, heating and enclosure maintenance, animal husbandry costs and veterinary fees for your favourite animals. You will also be assisting ongoing conservation projects at Exmoor Zoo.

## You Will Receive

- An adopter's certificate
- Complimentary zoo admission ticket
- A name plaque near to your chosen animal for one year
- A photograph of your favourite animal
- Periodic "zoo news" updates

## Any Zoo Animal can be Sponsored
