DAILY ACTIVITIES

Happening throughout the day are encounter sessions with selected animals. Either at their enclosures or at our encounter zone where we will feed them or you can! These are interspersed with feed and talk introductions at certain animal enclosures giving an organised event every half hour through the day! Please look at the Activity Timetable printed overleaf or check the Activity sign boards around the zoo. Family favourites include the Wallaby feed and petting, Snakes Alive and the Furry zoo baby encounters (for time and location see the printed table overleaf).
